

Reborn

Talisco

You'll be nicely surprised
When you discover this land
Oh my friends
Nobody's here
Now this is our country

Hey daydreams and fun
Oh we've arrived
Hey daydreams and fun
Yes we've arrived

Oh finally a place away from the judge
Goodbye and stay away
Oh far away far away from the crows
For ever we'll stay away

High, we're flying high
We'll be reborn on the way

Come on and realize
Wake up

Like a sweet, sweet summer breeze
Now we can see what we're dreaming

Yes, we hope to live one more beautiful moment
Yes, we need to live one more beautiful moment

High, we're flying high
We'll be reborn on the way

Come on and realize
Wake up

Like a sweet, sweet summer breeze
Now we can see what we're dreaming
