

# The Steed

Talisco

Ah...

I'm taking the night to night  
Yeah, that's why I come

Ah...

I'm taking the night to night  
Yeah, that's why I come

Yeah, I wanted to be someone  
Who got up with the sun  
But I'm a disciple from hell  
My name is stride, I am the steed  
I wrote a list  
Oh, yes I did

The die were cast on the floor  
Because I smelled and I could see  
There's no lament for evil spells  
I wrote a list  
Oh, yes I did

Ah...

I'm taking the night to night  
Yeah, that's why I come

Ah...

I'm taking the night to night  
Yeah, that's why I come

Time is never the right time  
But I can feel and I can see  
Hold yourself up to the light  
I am the steed  
I have a list

Stay away from my door  
You'd be a fool to come inside  
Don't say a word to your friend  
My name is stride  
I am the steed

Ah...

I'm taking the night to night  
Yeah, that's why I come

Ah...

I'm taking the night to night  
Yeah, that's why I come

Ah...

I'm taking the night to night  
Yeah, that's why I come

Ah...

I'm taking the night to night  
Yeah, that's why I come
