

Lonely World

Talisman

Shattered visions in yo mind or just make believe,
It's not enough 2 make me want 2 go,
Have u done your time or is it a need 2 b free,
The state of r condition's running cold,

U left me standing in a lonely world, a child without a
home,
Cold abandoned in this lonely world with nothin' left 2
believe,
Well I'm so lonely, desolate incomplete, I'm lonely,

7 years gone by, everywhere I turn I still c your face,
Sad songs written about my sorrow, just like a
shattered
Novelist relating the shattered story,
Searchin' a new road 4 2morrow,

U left me standing in a lonely world,
A child without a home,
Cold abandoned in this lonely world with nothin' left 2
believe,
Well I'm so lonely, desolate incomplete,
I'm lonely, won't u come save me, so lonely

U left me standing in a lonely world, a child without a
home,
Cold abandoned in this lonely world with nothin' 2
believe,
Well I'm so lonely, desolate incomplete, I'm lonely,

Wandering lost with no retreat, I'm lonely, lonely,
Cryin', dyin', suffering, I'm lonely, lonely,
Won't u come save me, I'm lonely
