

Queen

Talisman

Chorus 2

All alone, nowhere to go watcha gonna do?
Take a look outside your door

She's there waiting for you! ecstasy is in her eyes
She's sweeter than honey with her smile she'll take you
down
The price is right, it's only money

Chorus 1

She walks the lonely streets
Sells you love for the moment
oh oh! she's the queen of the night

Says she'll be your hearts desire all night to devour
Says she'll be your everything but you'll pay by the hour
easy money, easy love

chorus 3

Everyone's a loser oh, oh
She's a queen of the night
