

Seasons

Talisman

Time's been standin' still, since we were
Young, wrong, dumb, foolish irate lads
The lines on r faces, project signs of pain

Happiness, inside the wishing well,
Multi coloured images grow dim,
Tthe tears of joy, the good times bad times,
They all come 2gether 4 the seasons,

They're all mere seasons,
4 they will keep us 2gether,
Just like the seasons, no need 4 reasons,
They'll be around us 4ever,

How's your wife child,
Have u settled all the little indifferences
Miscommunications surrounding u?

Did the dreams u I used 2 share,
Ever come 2 play or just disappear?
Faith will alter fear, who needs more than a little
Understanding sometimes?

Like the money burned on daily life,
We never could imagine how hard,
The changes we'd be seeing thru' the seasons,
They're all mere seasons,
4 they will keep us 2gether,
Just like the seasons,
No need 4 reasons,
They'll be around us 4ever,

Tho' we get r semi-annual updates on life,
It's just enough 2 rekindle
The past hold on 2 the future,

No matter where we go or what we do,
We can always rely on the seasons,
They're all mere seasons,
4 they will keep us 2gether,
Just like the seasons,
No need 4 reasons,
They'll be around us 4ever
