

# Temptation

Talisman

Fightin' 4 the livin', prayin' 4 the day  
freedom 2 deliver my design  
not the latest fashion, not the flavour of the year  
same old situation everytime

pre:

but I'll tell u something, it ain't nothin' but nothin'  
than a little blasphemous dissuasion  
i'll give u 2 time chances,  
3 strikes & i'm dancin'  
I'll see u on the way up as u go down

chorus:

it's o.k., it's alright  
i'll b the 1 u always dreamed about  
i'm o.k., I'm alright  
the chosen 1 u just can't live without

the game is in my favour,  
now your tail between your legs take a look at  
your consciousness 2day  
now I ain't burnin' bridges,  
but I ain't just your  
average ordinary man,  
ain't gonna b pushed down  
ain't gonna b pushed away

chorus

a word 2 so-called visionaries blind 2 our design  
while u buy your puppets lacking soul  
u missed the boat & now your're  
sayin' we go back so far  
don't kid yourself  
cause we already know

pre

chorus

it's o.k., it's alright  
I'm the temptation  
that u dreamed about  
it's o.k., i'm alright  
the chosen 1 u just can't live without
