Trapped

Talisman

Why can't u tell me that u want me
Like all the days that've been and gone
Why can't u tell me that u need me?
Treatin' me like I did u wrong

Loss of all control again
I never thought u'd slide
So far way, here 2day, gone away

What ever happened 2 the myst'ry
All of the fire's seem 2 die

Chorus
I'm trapped in the memories of u
& I can't get away
I'm tainted by everything u do
I'm trapped by u

Solo

Where are the vows of never-ending?
Where is the writing on the wall?
Why do I feel it's all pretending
I'm on the edge about 2 fall

No more sink or swim, my friend
U've crawled under my skin
So far away, here 2day, gone away
How do I think I'm make it
Don't even matter if I try

Chorus
