

Not Like It Was

Tall Heights

I know, I know it's not like it was
That don't mean I'm just hanging it up
I know, I know it's not like it was
Living in the sunrise was a hell of a drug

We've entered in the darker side
I'm just a mirror
I'm afraid of the slow decline
But I go crazy if you leave my side

I know, I know it's not like it was
Stave off the sinking, clear off the rust

We've entered in the darker side
I'm just a mirror
I'm afraid of the slow decline
But I'm just a mirror
I go crazy if you leave my side

I know, I know it's not like it was
That don't mean I'm just hanging it up
I know, I know it's not like it was
That don't mean I'm just hanging it up
