

Headfirst

Tallah

You wanna die headfirst or no head at all?
Ain't no encore, so you better think twice
Today's the day you will be granted one wish
You wanna' fly?
My friend, you'll fly with the pigeons!
I'll draw a line down your back
Just to keep the fucking scalpel straight
Don't make me break my... Fuck!

Headfirst?
This is your moment, so you better be sure...
Don't miss your big shot!
Flap them' arms 'til you paint a new hood for your car

I don't wanna' make a fortune
Nah, I'm in search of so much more!
I wanna' leave a good impression
Watch these worthless people soar higher than eyes can see
Let it blind all their faults
Blind all their past mistakes
I'm here to show who they really are

And what a night to be a pigeon!
On such a night we'll perch in trees and drink to what we've done
On such a night we'll crowd the streets and shit on everyone!
Pity's for those without reason
Small world for a man with a small mind
Pity's for those without reason
Small world for a man with a small mind

I don't wanna' make a fortune
Nah, I'm in search of so much more!
I wanna' leave a good impression
Watch these worthless people soar higher than eyes can see
Let it blind all their faults
Blind all their past mistakes
I'm here to show who they really are

Did you think it would be justified?
Was your betrayal because this is what you think it takes to evolve?
Human nature hasn't inched since the Stone Age
We're suffocating under the weight of words
Under appeal for acceptance
You can't see the dead-end?
Faith is not faith once it requires evidence
Yet, gas is needed just to start the fucking car

I don't wanna' make a fortune
Nah, I'm in search of so much more!
I wanna' leave a good impression
Watch these worthless people soar higher than eyes can see
Let it blind all their faults
Blind all their past mistakes
I'm here to show who they really are
