

I built a castle in the mud
And I pretended it was you
'Cause it was sad
It was sad
It was so sad like you

No structural integrity
Just the will to do things wrong
'Til it splattered
On the asphalt of the sidewalk

I built a castle in the mud
And I pretended it was you
'Cause it was sad
It was sad
It was so sad like you

No structural integrity
Just the will to do things wrong
'Til it splattered
On the asphalt of the sidewalk

Headfirst, ending just like you
Headfirst, ending just like you
Headfirst, ending just like you
Headfirst, ending just like you
