

# Endgame

Talos

I'm drawn across  
An empty space  
This dreamland now  
A tired waste  
O it's the endgame  
Your way  
Your way  
Your way

I'm scattered in a  
Windless state  
A figure of a dying race  
O it's the endgame  
Your way  
Your way

A blackout heart  
A seething truth  
There's nothing in me  
Left for you  
We're lies  
A blackout heart  
A sin concludes  
There's nothing in me  
Left for you  
We're lies

'Cause all I want is  
Dead and gone  
Ooh  
Seal me now in  
Your catacombs  
Ooh

Engulf us in the new  
What hung from me  
Now hangs from you  
O it's the endgame  
Your way  
Your way  
Your way...

A blackout heart  
A seething truth  
There's nothing in me  
Left for you  
We're lies  
A blackout heart  
A sin concludes  
There's nothing in me  
Left for you  
We're lies

'Cause all I want is  
Dead and gone  
Ooh  
Seal me now in

Your catacombs  
Ooh
