

4am

Tamar Braxton

Pull up when you want it  
Park down the block, you can sneak in the back door  
And I'll be all up on it  
That's what the middle of the night is for  
Tequila kisses are my love language  
I can tell that you been at the club faded  
Turn me on, come turn up on me  
You know drunk in love is my favorite

One  
I was out with my friends  
By two  
I was with the vibes, you ain't hit me back  
Three  
I was home halfway sleep  
Now it's 4AM and you in my bed  
One  
Lucky I let you in  
It's two  
Minimum climax for me  
Three  
Better put me back to sleep  
Cause it's 4AM and you in my bed

Congratulations, you made it  
No hesitation, we skating  
I wanna see the hand you holdin'  
Get in and drive it like it's stolen  
Once you find it, don't switch it up, stay on that loop  
Soon as we finish, I'll pour you some juice  
Now you can say you've had the forbidden fruit  
We can run it back in the morning
