Tamar Braxton

I'm too drunk for this
Back and forth
Talk ya shit
Is it something you been harboring?
I dunno, yeah
But you sound ignorant
Boy is you inadequate?
If I'm the girl
Why all in ya feelings?
Just say what you mean, no double meanings
Ask me if I had enough
Hell yeah
I know I gotta make a move from here, uh

I thought you were the man of my dreams
So how the hell was I wrong?
I gave you all of me, oh
Boy it coulda been you
I thought you were the guy of my dreams

The beginning, you were great
Gave me roses
Creme brûlées
No reception
Out of range
So what's the excuse?
You acting brand new
Yeah yeah yeah
The only problem is you
Yeah yeah yeah
Good luck making them moves
Yeah yeah yeah
No one can put you on like me, oh

I thought you were the man of my dreams
So how the hell was I wrong?
I gave you all of me, oh
Boy it coulda been you
I thought you were the man of my dreams

You changed on me
Wish it could go back to the same
But you changed
You changed on me
Wish it could go back to the same
But you changed

I thought you were the man of my dreams
So how the hell was I wrong?
I gave you all of me, oh
Boy it coulda been you
I thought you were the man of my dreams

Damn
