

# I Love You

Tamar Braxton

Baby when you touch me, I feel like...  
I just wanna follow everything you do  
Things you do inside of my mind  
I'm a sucker for you every time  
I just wanna be around you everyday  
Listen to every single word you say  
There's a way I feel when you're in my face  
I just love when you're in my space

I can't go a day without you  
Without you nothing else matters  
Boy you seem to make me better  
Baby, baby I'm just saying  
I love you

I'm so lucky, I can't believe  
I'm with the man I saw in my dreams  
Your kiss feels like a summer day  
Got me so open in every way  
The glow they all see is because of you  
All the men in the world, you I choose  
I just can't erase this smile  
Living with you in the now

I can't go a day without you  
Without you nothing else matters  
Boy you seem to make me better  
Baby, baby I'm just saying  
I love you

I love you till you're old and gray  
Even then you'll be my fantasy  
We gon' stand the test of time  
I'll be yours and you'll be mine  
Promise nothing 'bout you will ever change  
Cause everything about me will stay the same  
You give me everything I need  
I'm in love and still I'm free

I can't go a day without you  
When I'm with you nothing matters  
Boy you seem to make me better  
Baby, baby I'm just saying  
I love you

I love you  
I do, love you
