

# It's Time

Tamar Braxton

It's, it's time  
Uh-uh, yeah  
It's time  
Tamar  
It's time  
Grand Puba  
It's, it's time  
2000, what out, what?  
It's, it's, it's

It's time that you were my true love  
But you cheated  
And I found out about it  
Now it's too late to hide  
But you say you love me  
But you do things  
You tried to abuse me  
And what we had

It's time I let you know (it's time, let you know, yeah)  
I won't be wasting my, wasting my, wasting my time with you, boy (oh yeah)  
It's time I let it show (let you show)  
I won't be in your, in your, in your lie, as it's out the door, yeah (I won't, oh no)  
It's time I let you know (time I let you know)  
I won't be wasting my, wasting my, wasting my time with you, boy (my time, you, you, you know)  
It's time I let it show  
I won't be in your, in your, in your lie, as it's out the door, yeah (I won't be in your, oh no, I, I, I know)

I gotta find me a new love  
Boy, you love her  
That won't be no further  
Nobody's gonna be there  
I wanna be with a lover  
Who's down for whatever  
And'll make me feel better  
Boy, that ain't you

It's time I let you know (no no no no no no, I'll let you go)  
I won't be wasting my, wasting my, wasting my time with you, boy (my time, you, yeah, you know it's)  
It's time I let it show (time, let it show)  
I won't be in your, in your, in your lie, as it's out the door, yeah (oh yeah yeah, your lie, hey yeah yeah yeah yeah yeah)  
It's time I let you know (time I let you know)  
I won't be wasting my, wasting my, wasting my time with you, boy (my time)  
It's time I let it show (time I let it show, babe)  
I won't be in your, in your, in your lie, as it's out the door, yeah (you, the door)

Oh, a lot of things are down  
Every time I let you back in  
And when I think about all the plans that we made  
How could you just go and miss out, away?

Come here, let me holla at you, dear  
I won't let you down so severe  
That your last relationship won't compare  
Plus you know I'm feeling you, dear  
So once I spit it in your ear  
It sends a chain reaction all the way down there  
I don't clown when I fool around  
Get your head in the house (yeah, yeah, yeah)  
And let's see the town  
Hella cops, they're riding on the ground  
Push the Yankee Stadium in the boogie  
Down a picnic on the picture - smile!  
'Cause whatever you want

24/7, 365

We're more game than 2000 men live  
'Cause some thugs are known as good lovers, yeah  
Lot of thugs be needing baby's mommas for love  
Uh-huh, so how 'bout us  
Trust, watch me bust  
And if you feeling this baby  
Ain't no more to discuss  
Not trying to diss you but if you don't  
You got some issues (if I don't let you know, baby)

It's time I let you know (oh oh oh oh oh)  
I won't be wasting my, wasting my, wasting my time with you, boy (my time, oh)  
It's time I let it show (time I let it show)  
I won't be in your, in your, in your lie, as it's out the door, yeah (baby, baby, bae, oh oh oh oh oh oh oh oh)  
It's time I let you know (time I let you know)  
I won't be wasting my, wasting my, wasting my time with you, boy  
It's time I let it show (I let, oh I let)  
I won't be in your, in your, in your lie, as it's out the door, yeah (you go, I let you go, the door)

It's time I let you know (hey, hey hey yeah, hey, you know)  
I won't be wasting my, wasting my, wasting my time with you, boy (my time, oh oh oh)  
It's time I let it show (oh oh oh)  
I won't be in your, in your, in your lie, as it's out the door, yeah (no boy, no, oh oh oh oh oh oh)  
Should've been and done that shit
