

# Not My World

Tame Impala

Walking down the street  
I'm floating  
Always go the long way  
Give the day some meaning  
From my window  
It looks perfect from a distance  
Oh, I want to be there  
Need to get away as soon as I am  
Oh, I can't stand  
Oh, I can't stand  
Day after day  
Waking just in time to catch the last hours of sunlight  
People going home, they walk by  
Must be nice  
Must be nice  
Makes me realise  
It's not my world  
It's not my world  
  
It's not my world  
It's not my world
