

Oblivion

Tame Impala

You're so far away
Endlessly, I try to reach you
'Cause if I make it through, my love
In the morning light I'm with you
It won't stay the same
In a normal life, I'd want you
If I cannot be with you
Then I'm glad I told you

But if there was a chance in hell
I would
I would
I would
I would

When I saw your face
I was hypnotised completely
I could see my future
Never yearned for life so deeply
Will you be ok?
Will you feel alive?
We live on
If I don't get to you my love
Then I choose oblivion
Then I choose oblivion

I would
I would
I would
If I never get to you
I would
I'm going to oblivion
I'm going to oblivion

If I never get to you
That's what I wanna do
That's what I wanna do
That's what I wanna do
That's what I wanna do

I would
I would
I would
If I never get to you
I would
I'm going to oblivion
That's what I wanna do
Oblivion
If I never get to you
That's what I wanna do
Oblivion
I would
I would
Oblivion
I would
If I never get to you
I would

I'm going to oblivion
