

See You On Monday (You're Lost)

Tame Impala

And it happens at every turn I'm at
Somewhat steady, but please don't call me that

And it happens at every turn I'm at
Something beckoning me and I turn back
Turn back
Yes, I do turn back

And it happens at every turn I'm at
Am I in love again, man, just like that?

She said
"I'm the one you want
And you can turn me on
But life ain't too much fun
When there's no telling where you're heading"
She said
"I'm the one you want
And you can turn me on (Turn me on)
But life ain't too much fun
When there's no telling where you'll end up"
No, no

You're lost
You're lost
You're lost
You're lost

And it happens at every turn I'm at
Somewhat steady, but please don't call me that

And it happens at every turn I'm at (I'm the one you want, and
you can turn me on)
Something beckoning me and I turn back (But life ain't too much
fun, when there's no telling where you'll end up)
See you on Monday (I'm the one you want, and you can turn me on
)
Don't know what I'll say (But life ain't too much fun, when the
re's no telling where you'll end up)
See you on Monday (I'm the one you want, and you can turn me on
)
Don't know what I'll say (But life ain't too much fun, when the
re's no telling where you'll end up)
See you on Monday (I'm the one you want, and you can turn me on
)
Don't know what I'll say (But life ain't too much fun, when the
re's no telling where you'll end up)

You're lost
You're lost
You're lost
You're lost
