

# Wander

Tame Impala

Save your fragile mama's heart,  
And though she will come for you,  
But I wander

And I wonder,  
Just how far will you need to be,  
For shaking talk so easily,  
For hours on end I wander,  
Still I don't even...know her

Feel just like I need to be,  
Back where I was,  
Before I couldn't do that,  
And I wander

And I wonder,  
Just how far will you need to be,  
For shaking talk so easily,  
For hours on end I wander,  
Still I don't even know

How it keep a lid on me,  
How it keep a lid on me  
How it keeps a lid on me,  
How it keeps a lid on me,  
How it keeps a lid on me

And I wonder  
Just how far will you need to be,  
For shaking tough so easily,  
For hours on end I wander

How it keeps a lid on me,  
How it keeps a lid on me (and I wonder),  
How it keeps a lid on me (just how far will you need to be),  
How it keeps a lid on me (for shaking tough so easily),  
How it keeps a lid on me (for hours on end I wonder),  
How it keeps a lid on me,  
How it keeps a lid on me,  
How it keeps a lid on me
