

Finished

Tamela Mann

There's so much in my past I've overcome
So much in my future I haven't done
I know that the best will come if I hold on

You'll see my story's not over, it's just begun
God's up to something, He isn't done
I know that the best will come if I hold on

I will see what I've only dreamed
Was possible in my heart
I will do what I've been created to
Nothing is too difficult
For the One who started it
He, will finish

What's lying ahead is worth the ride
I'm not done yet, I've just begun
I know that the best will come if I hold on

I will see (What I've only dreamed)
(Was possible in my heart)
I will do what (What I've been created to)
Nothing is too difficult
(For the One who started it)
Will finish

Oh, He'll finish it
Everything He started, whoa, yeah
He's faithful to finish it

Oh, He who has begun a work in me
Is faithful to finish what He started
Oh and He, oh, He has begun great work in me (Who has begun a work in me)
(Is faithful to finish what He started) Yeah, He's faithful to finish what He started, oh
(He who has begun a work in me) Has begun work in me, yes, He is faithful
Oh yeah, to finish (He is faithful to finish what He started, hey, hey)

I will see what I only dreamed
Was possible in my heart
I will do what I was created to
Nothing is too difficult
For the One who started it
He, will finish

And He has, has begun a work in me (Who has begun a work in me)
He's faithful to be there, yeah, what He started (Is faithful to finish what He started)
(And He who has begun a work in me) My God, will complete it, yes, He

will
Is faithful
The one who started it will finish
