

# Greater

Tamela Mann

No matter what you may face  
God's already made a way  
Your mountain has to move  
When you speak the word God's given you

All power is in His hands  
Heaven and earth obey His commands  
He's working on the inside of you  
He's greater than what faces you

He's greater, greater  
Than the world against me  
He's greater, greater  
Than anything  
He's greater, greater  
My God is, God is  
Greater

No matter what you may face  
God is already made a way  
Your can speak to the mountain has to move  
When you speak the word God's given you

He's greater, greater  
All power is in His hands  
He's greater, greater  
[?]  
God is, God is  
Greater

Greater, greater, greater  
He's living on the inside and He's  
Greater, greater, greater  
More than the world against us He is
