

Help Me

Tamela Mann

You ever find yourself in a place
That you don't know what to say
The things I depended on were gone
I realized I couldn't do it on my own
I used to want to understand your plan
Now all I want to see your hand
My heart is open so wide
Even though there's so much pain inside

As I'm on this journey I need you to
Help me, help me, help me to finish well
And I know I'll be alright if you
Help me, help me, help me to finish well

When I'm tired of the load that I must bare
You let me know that you still there
Because you're my strength for my weakness
Your my words when I'm speechless
God give me faith to see where you're taking me
So even when I'm afraid I still believe
Please hear the pain in my prayer
Let me know you listen and you care

As I'm on this journey I need you to
Help me, help me, help me to finish well
And I know I'll be alright if you
Help me, help me, help me to finish well
...

(Don't give up cause help is on the way...)
