

# Jesus Again

Tamela Mann

No other name has power to heal  
No other God can deliver and fill  
Our hearts with compassion, grace and Your love  
So immerse us again, Lord, with Your precious blood

We are hungry, thirsty  
We're desperate for mercy  
We call on Your name once again

We want Jesus  
We need Jesus  
We want Jesus, Jesus again

We're desperate for You, Lord  
We need You

No other name has power to heal  
No other God can deliver and fill  
Our hearts with compassion, grace and Your love  
So immerse us again, Lord, with Your precious blood

We are hungry, thirsty  
We're desperate for mercy  
Hungry, thirsty, desperate for mercy  
We are hungry, thirsty, desperate for mercy  
We call on Your name once again

We want Jesus  
We need Jesus  
We want Jesus, Jesus again

We want Jesus  
We need Jesus  
We want Jesus, Jesus again

If you don't come  
We won't last  
If you don't come  
We won't last  
If you don't come  
We won't last  
We need Jesus again

If you don't come  
We won't last  
If you don't come  
We won't last  
If you don't come  
We won't last  
We need Jesus again

If you don't come  
We won't last  
If you don't come  
We won't last  
If you don't come  
We won't last

We need Jesus again

We want Jesus

We need Jesus

We want Jesus, Jesus again

We want Jesus

We need Jesus

We want Jesus, Jesus again

I want Jesus

I need Jesus

I want Jesus, Jesus again

I want Jesus

I need Jesus

I want Jesus, Jesus again

Come to our rescue, Lord

We need Jesus

Mmm... can't make it without

We're so desperate for you, Lord

We're running back to you

Yeah
