

# Power

Tamela Mann

Tell me who can  
Stand before us  
Or when we call on  
That great name  
His name is Jesus, Jesus  
Precious Jesus  
We have a victory

Raises the dead  
Darkness to light  
He heals the sick  
Opens blinded eyes  
That's the power of Jesus

Rest for the weary  
For sadness, joy  
He mends the broken  
Peace to the noise  
That's the power of Jesus

I won't be ashamed to call on his name  
That's where the power is  
That's where the power is  
We won't be the same when we proclaim  
That's where the power is  
That's where the power is

Raises the dead  
Darkness to light  
He heals the sick  
Opens blinded eyes  
That's the power of Jesus

Rest for the weary  
For sadness, joy  
He mends the broken  
Peace to the noise  
That's the power of Jesus

I won't be ashamed to call on his name  
That's where the power is  
That's where the power is  
We won't be the same when we proclaim  
That's where the power is  
That's where the power is

Power in the name of Jesus  
Power in the name of  
Power in the name of

That's where the power is

That's where the power is  
That's where the power is  
That is, that is  
That's where the power is  
That's where the power is  
That's where the power is  
That is, that is

That's where your healing is  
That's where your breakthrough is  
That's where salvation is  
That is, that is  
That's where your healing is  
That's where your breakthrough is  
That's where salvation is  
That is, that is

Jesus, Jesus, Jesus  
Jesus, Jesus, Jesus
