

Touch From You

Tamela Mann

There's been a drought for way too long
We need to sing our freedom song
Oh Lord, we need a touch from You
We really need a touch from You

Lord, we need to hear Your voice
Our hearts are open, we have no choice
Oh Lord, we need a touch from You
We really need a touch from You

Send Your latter rain
Send Your latter rain, mmm
Send Your latter rain
Send Your latter rain

If we ever needed You before, we need You now
Lord, we need You now, we need You
Can You hear the voices of Your people crying out?
Lord, we need You now, send Your rain

Lord, we need a touch from You
No other one will ever do
We need Your presence, send it down
We need Your power, send it now

Send Your latter rain, send Your latter rain
(We need You, Lord, just one touch from You Jesus, yeah)
Send Your latter rain, send Your latter rain
(Yeah, rain on us, Lord, restore our hearts again, oh God, yeah
)
Send Your latter rain, send Your latter rain
(Ooh, hear our cry, Jesus, rain)
(We need rain, rain on me, rain on me, rain)
Send Your latter rain (Please send the rain, oh)
Rain

Lord, we need to hear from You
No other one will ever do
Oh Lord, we need a touch from You
We really need a touch from You
