

# What Christmas Really Means

Tamela Mann

Family's here  
Filled with cheer  
Finding the perfect gifts  
Running around  
You hear the sound  
Of loved ones you've missed  
Reminding me  
What Christmas really means  
And I still believe

Feel it in the air  
Love is everywhere  
Every moment shared  
Is what Christmas really means  
And I hope you know  
Wherever you go  
This love will follow  
That's what Christmas means

Caroling everywhere  
Bringing the tidings  
Can you hear?  
Can you see? Unity  
This is the best time of year  
It's reminding me  
What Christmas really means  
And I still believe

Feel it in the air  
Love is everywhere  
Every moment shared  
Is what Christmas really means  
And I hope you know  
Wherever you go  
This love will follow  
That's what Christmas means

That's what Christmas means  
Only gift I want this year  
Is to feel love again  
Remember that's it's real  
And I still believe  
In that gift for me  
This Christmas will bring  
More love and happiness

Feel it in the air  
Love is everywhere  
Every moment shared  
Is what Christmas really means  
And I hope you know  
Wherever you go  
This love will follow  
That's what Christmas means

Feel it in the air  
Love is everywhere

Every moment shared  
Is what Christmas really means  
And I hope you know  
Wherever you go  
This love will follow  
That's what Christmas means
