

# Can't Get Enough

Tamia

I know you don't usually hear me talk like this  
but i got a little game  
that I wanna play  
Are you ready?  
When I think about You  
I Think About Giving Myself To You  
Cause You Know I Want You Baby and  
I Would Do Anything  
I Know You Thinking  
The Same Thing Baby  
So Come Get It (come and get it baby)  
I'm So Excited  
I Can't Hide My Feelings Get It  
I Want Stop To We Start Over and Finish Tonight It's All About My Baby  
I'm Feening For You  
You Get Me High  
I Can't Stop You Feel Me Right

Close The Door  
Bed or Floor?  
I Just Want More  
I Can't Get Enough Of You  
What I Got In Store  
It's All Of Yours  
I just Want More  
I Can't Get Enough Of You

When I Think About Us  
I think About The Way We Make Love  
The Way That You Make Me Sweat  
Make Me Want A Cigarette and  
I Ain't no Smoking Chick  
You Got Me Wanting It So Don't Stop  
You Making Me Feel Really Feel It Right There  
We tossing and turning  
Keep It Right It There  
My Adrenaline is Pumping  
My Stomach Muscles Getting Tight  
Skin So Wet My Fingers Slide Going To Take You To Place  
You Ain't Never Been  
Again Again and Again  
I Want You to Feel It Baby  
I'm About To Handle My Business Baby  
Make Sure You Handle Me Too

Let's make a bet baby  
Who's Going To Be First to get loud  
I Know You'll Lose After Second Round  
The Consequence Baby  
That You Have Switch to The Third Round  
And Make Me Scream  
Like When I Put It Down Put On A Little Show  
To Let Your Baby Know  
By Then, I Should Be Screaming  
Uncontrollably  
Hope You ready To Stay Up  
One Time Is Not Enough

Nothing Too Much, Baby  
Just What I Want Baby
