Today I Do

Tamia

We're here, right now, it's forever
These tears, they know joy by name
Beautiful, seems to have made an appearance
On our face, we have us to blame

Seriously, I'll take this commitment
Spiritually, you're everything I wanted

Today I do, today I do
Today I'm saying I do to you
Today I do, today I do, ooh

Crowded room
But my eyes are only on you
Can't take 'em off
'Cause I'm watching my dreams come true

Forever I savor, savor this moment
My favorite place got a taste of you
For more, now I got more
'Cause you are mine

Seriously, I'll take this commitment
Spiritually, you're everything I wanted

Today I do, today I do
Today I'm saying I do to you
Today I do, today I do, ooh

I don't have to think before I answer
'Cause your love erased all the questions for me
So here I stand, baby this isn't pretend

Oh, today I do
Today I'm saying I do to you
I do, I do, I do
Today I do, today I do
Today I'm saying I do to you
I do, ooh, ooh
