

# When the Sun Comes Up

Tamia

Hair kissing the sky  
It's a beautiful day outside  
I'm chilling with my people tonight

We not posting a thing, we living it  
Love on top of love, and we giving it  
We don't seek the drama  
We raise with the sunshine, the sunshine

When the sun comes out we don't know how to act  
We just party like it won't come back  
We just party like it won't come back  
We just party like it won't come back

When the sun comes out  
We get cute like it's mandatory  
We just party like it won't come back  
We just party like it won't come back

Cooperation, love when the weather's cooperating  
I'll be feeling like I'm on a vaycay  
Innocent like I'm on a play-date, baby  
No worries in the world, I feel like  
Happy is the only way to live life  
So when we take it all in, take it all in  
And on the next clear day we do it again

We not posting a thing, we living it  
Love on top of love, and we giving it  
We don't seek the drama  
We rise with the sunshine, the sunshine

When the sun comes out we don't know how to act  
We just party like it won't come back  
We just party like it won't come back  
We just party like it won't come back

When the sun comes out  
We get cute like it's mandatory  
We just party like it won't come back  
We just party like it won't come back

Nothing to do but turn up, yeah that's it  
We living life, no worries here  
We don't caught up the love that we give  
We getting high off the love that we get  
Nothing to do but turn up, yeah that's it  
We living life, no worries here  
We don't caught up the love that we give  
We getting high off the love that we get

When the sun comes out we don't know how to act  
We just party like it won't come back  
We just party like it won't come back  
We just party like it won't come back

When the sun comes out

We get cute like it's mandatory  
We just party like it won't come back  
We just party like it won't come back

When the sun comes out  
We get cute like it's mandatory  
We just party like it won't come back  
We just party like it won't come back
