

# You And Only You

**Tampa Red**

Why can't I be your one and your only?  
How can you love and leave me so lonely?  
Girl, if you must go leave me  
If you must go away  
Each hour I'll be yearning  
For your return someday

When I can't believe that all-a my scheming  
And dreaming of love, we are through, no-no  
But why keep me guessing?  
I love you and confessing  
Tell me that you love me, too  
Yeah!

When I can't believe that all-a my scheming  
And dreaming of love, we are through, no-no  
But why keep me guessing?  
I love you and confessing  
Tell me that you love me, too
