

Awake

Tamta

Yeah
Yeah yeah

Raging waters
Deeper I go in the blue, yeah
Sinking to the bottom
Trying to get close to you

No dream is as good as you
Recreations are just beautiful emotions
Yeah yeah, yeah yeah
Waking up to look at you
You're so clear, I'm lost
All of my confusion

What if this moment
What if this moment never ends?
My eyes wide open
I don't wanna fall too far from heaven
'Cause I don't wanna sleep when you're beside me
So every time you're right beside me
I'll be awake
I'll be awake

Reeling thunder
Waves on my fingertips
I'm goin' under
Taste the salt on my lips, yeah

No dream is as good as you
Recreations are just
Beautiful emotions
Yeah yeah, yeah yeah
Waking up to look at you
You're so clear, I lost
All of my confusion, hey yeah yeah

What if this moment
What if this moment never end
My eyes wide open
I won't wanna fall too far from heaven
'Cause I don't wanna sleep when you're beside me
So every time you're right beside me
I'll be awake
I'll be awake
