

(Give it a shot)

I don't do drugs, I am them
I don't do drugs, I am them
I don't do drugs, I am them

Take you to another world, if you inhale the skin I'm in
Run your fingers through my curls and go for a spin

I don't do drugs, I am them

I don't, I don't, I don't

I don't do drugs, I am them
A perfect angel full of lust
A perfect angel full of sin
Kiss my lips and devour my secrets
I don't do drugs, I am them

I don't, I don't, I don't, I
Ah yeah

I don't, I am
I don't, I am
I am
I am
I am
I am
I am
I am
I am
I am
