

Love From NGC 7318

TANERÉLLE

Traces of your world hunt me down inside
I should run and go, I should run and hide
But I'm stuck on you

You make me feel like a fire
You make me feel like a kid
You make me feel like each of the 5 galaxies swirling in Stephania's Quintet

I wanna tell you how I feel tonight
I keep trying but the words ain't right
Nothing's for a kind like you
I'm never speechless when the earth's my view

Killing the time
Building a fort
Wrapped in each other as we fall of love
I've never met a girl like you
Never met a girl like you

Traces of your lips linger on my waist
I don't wanna go, I don't wanna wait
I'm needing you

We shouldn't speak of this magic
We should just say what they know
I've heard a rumor of humans who sniff out the good things to suck out the soul

I wanna tell you how I feel tonight
I keep trying but the words ain't right
Nothing's fitting for a kind like you
I'm never speechless when the earth's my view

Killing the time
Building a fort
Wrapped in each other as we fall of love
I've never met a girl like you
Never met a girl like you
