

# No One Else

TANERÉLLE

I need attention and I need it all from you  
I need ascension but I need you to call me too  
Ain't no way around it, nothing else will ever do  
You got me all about it, you got me on my way to you

I'm never good at playing tough but I'm tryin'  
But I tell you baby when I get lost in your love I can't fight  
it  
Drive me crazy

I don't want no one else 'cause all I want is you tonight  
If you knew how I felt you'd probably feel it too tonight  
I looked around for help, ain't nothin' they can do tonight  
I don't want no one else  
I don't want no one else

I'm on your mind, drop of a dime, I'm on the way tonight  
I need your time, your love, your mind, is that okay tonight  
I'll blow your mind and have you hoping I can stay the night  
I don't want no one else  
I don't want no one else

(I'm never good at playing tough but I'm tryin')  
I need attention  
I need attention  
I need atten-  
And I need you to call me too

I don't want no one else 'cause all I want is you tonight  
If you knew how I felt you'd probably feel it too tonight  
I looked around for help, ain't nothin' they can do tonight  
I don't want no one else  
I don't want no one else

I'm on your mind, drop of a dime, I'm on the way tonight  
I need your time, your love, your mind, is that okay tonight  
I'll blow your mind and have you hoping I can stay the night  
I don't want no one else  
I don't want no one else

You can search around the world, they won't love you like I do  
You can search around the world, they won't love you like I do  
You can search around the world, they won't love you like I do  
You can search around the world, they won't love you like I do
