TANERÉLLE

I close my eyes as I spy for relief
I sneak away in the night while you sleep
I beg the sky for some love and some peace
And a forever, one for you and one for me
But there's never getting what you want
We settle for an endless back and forth
We've given all we have and still need more

Overflow

Pray it won't end
'Cause I love you
Overflow
But I know it will
Overflow
Yes, I know it will
Overflow
Pray it won't end
Overflow
'Cause I need you
But I know it will
Yes, I know it
