TANERÉLLE

Tell 'em what you want
Whatever makes you feel better

Tell 'em I'm too insecure, I'm a bore & I'm crazy
Tell 'em but don't you leave out that I'm just how you made me
You made me

Tell 'em what you want
Whatever makes you feel better

Tell 'em that me needing nothing was way too exhausting
Tell 'em I laid down my pride for your lies & it cost
It cost me

Since you can't talk to me
Since you can't talk to me
Since you can't talk to me
To me, To me

Tell 'em what you want
Whatever makes you feel better
But tell 'em I dressed how I dressed when we met & you claimed
me
Tell 'em you knocked down my door with intentions to change me
You changed me

Tell 'em what you want
Whatever makes you feel bigger
Tell 'em that one of me wasn't enough and it's simple
You need attention from everyone else for that ego
Let me go

Since you can't talk to me
Since you can't talk to me
Since you can't talk to me
To me, To me

Since you can't talk to me
Since you can't, since you won't, Imma say it all
Tell 'em it was never your fault
Since you can't talk to me
