

The Dream of Her

Tanita Tikaram

Gotta go the lonely day
When rhythm ends all weariness
Gotta hold you in my arms
The feeling brings such happiness
For you are more, so much more
Than you will ever know
I am the word
And I'll never let you go

Gotta move and get on down
I take my place when you're around
For those who've known such helplessness
The dream of her was all you had
'Cause you felt love so much love
More than you can say

To heal that wound
I would give my life away

When I'm deep and far in mind
The city beats a cunning time
I hear her step in every street
I look ahead but she's with me

Gotta move and get on down
I take my place when you're around
For those who've known such helplessness
The dream of her
It's all you have
It's all you have
It's all you have

Don't let nobody tell you how to love
