

Hot Lead, Cold Steel

Tank

It's been a long time since my last letter from home my mind is
elsewhere,
I'm soaking wet and cold to the bone with the threat of an aerial
attack,
Can't waste time getting bored I'm sniper hunting, my orders are
not to be ignored...
What is going on? Where did that shot come from?
Square bashing with my pack and drill...
If a bullet don't get ya then the disentry will
Hot lead, hot lead, hot lead... hot lead, cold steel
It seems years since I saw something resembling my wife
I could be here for a term, that could turn into life
I could get out and I could take a chance, once I could ill afford
I still can't remember my first son or what he was called, yeah
What is going on? Where did that shot come from?
Square bashing with full pack and drill...
If a bullet don't get ya then the disentry will
Hot lead, hot lead, hot lead... hot lead, cold steel
I've been thinking where has it all gone? I've seen people happy,
I tell ya, I want some I've made people laugh and I made them cry
But I wish I'd never been born
I got my discharge, my exit, so fill out the form, yeah
What is going on? Where did that shot come from?
Square bashing with full pack and drill...
If a bullet don't get ya then the disentry will
Hot lead, hot lead, hot lead... hot lead, cold steel
