

## Laughing

### Tanlines

You have to ask yourself  
You have to ask yourself  
Are you worried?  
Are you worried?  
I, I've got a message for you  
I don't know if it's true  
I can tell about you  
All over the world it's gone  
All over the world it's gone  
Though it's true  
Though it's true

Keep laughing (all over the world it's gone)  
Your not lonely (all over the world it's gone though it's true)  
Keep laughing  
Even though your not home (though it's true)

You have to ask yourself  
You have to ask yourself  
Are you worried?  
Are you worried?  
Nobody calling my phone  
Nobody follows me home  
Soon be in a mess  
Can't get out of this  
All over the world it's gone  
All over the world it's gone  
Though it's true  
Though it's true

Keep laughing (all over the world it's gone)  
Your not lonely (all over the world it's gone though it's true)  
Keep laughing  
Even though your not home (though it's true)
