

Bake It

Tanner Adell

All my ladies, fall in line
Move them boots in double time
Grab the polish, make 'em shine
Bitches on they grind
Never need a boy for bills
VV's up in these grills
Bustin', bout to break a heel
If it's Versace, no big deal

Brown sugar caramel
Ding ding, Patti LaBelle
Sweet potato pussy pie
Set the timer

Baby, watch me bake it, bake it
Bet you wanna see me naked, naked, naked
Boy, if you did, you couldn't take it, take it, take it
So just sit back and watch me bake it, babe
Watch me bake it, bake it, bake it
Bet you wanna see me naked, naked, naked
I know you really wanna taste it, taste it, taste it
So just sit back and watch me bake it, babe

Pick it up and drop it down
Bake it 'til it's golden brown
Nothin' bout us sugar-free
Always keep the counter clean
Got you begging on your knees
Bon appétit, bae, eat, bae

Brown sugar caramel
Ding ding, Patti LaBelle
Sweet potato pussy pie
Set the timer

Baby, watch me bake it, bake it
Bet you wanna see me naked, naked, naked
Boy, if you did, you couldn't take it, take it, take it
So just sit back and watch me bake it, babe
Watch me bake it, bake it, bake it
Bet you wanna see me naked, naked, naked
I know you really wanna taste it, taste it, taste it
So just sit back and watch me bake it, babe

It's done
Order up
Order up
Order up, bitch
It's done
Order up
Order up
Order up, bitch

Baby, watch me bake it, bake it
Bet you wanna see me naked, naked, naked
Boy, if you did, you couldn't take it, take it, take it
So just sit back and watch me bake it, babe

Watch me bake it, bake it, bake it
Bet you wanna see me naked, naked, naked
I know you really wanna taste it, taste it, taste it
So just sit back and watch me bake it, babe
(Watch me bake it, babe)
