

Do-Si-Don'tcha

Tanner Adell

Do-si-don'tcha wanna dance on over?
Let me see your Tennessee two-step closer
Bootskoot, kick a little sawdust up
I got moves that I can show you
I know you wanna do-si-don'tcha
I know you wanna do-si-don'tcha

Only ring I can see is the one on your wranglers
I've been watching you watching me all night
We ain't gotta spend another second being strangers
This is my song, baby, don't be shy

One, two, three, four
Meet me out on the floor
Five, six, seven, eight
Keep that time, don't be late

Do-si-don'tcha wanna dance on over?
Let me see your Tennessee two-step closer
Bootskoot, kick a little sawdust up
I got moves that I can show you
I know you wanna do-si-don'tcha, yeah, yeah
I know you wanna do-si-don'tcha, hey, hey, yeah, ha

Heel, toe, heel, toe, rockin' like a seesaw
Know that you can drink, let me see you move
Don't you wanna put a little me in your hee-haws?
Sliding on the hardwood, whiskey smooth (Hoo)

One, two, three, four
Meet me out on the floor
Five, six, seven, eight
Keep that time, don't be late

Do-si-don'tcha wanna dance on over?
Let me see your Tennessee two-step closer
Bootskoot, kick a little sawdust up
I got moves that I can show you
I know you wanna do-si-don'tcha
I know you wanna do-si-don'tcha

Do-si-don'tcha wanna dance on over?
Let me see your Tennessee two-step closer
Bootskoot, kick a little sawdust up
I got moves that I can show you
I know you wanna do-si-don'tcha
I know you wanna do-si-don'tcha
(Ha, ha, ha-ha)
