

Trailer Park Barbie

Tanner Adell

Trailer park Barbie
Trailer park Barbie
Redneck knockoff
Yeah, that's what they call me
Say my nails too long
Say my boots too shiny
Out here lyin' to they mamas
Cuz they hatin' that they like me

Trailer park Barbie
Trailer park hardly
Kicked a can of cash
Bought a thousand acres of some barley
Pull up with the lamb
Not the car, Miranda
Horses on my land
Sweet tea on my veranda

Used to drive around with a busted tail light
Pickin' up pennies off the ground just to get by
Fixed enough fences, ripped enough shirts
You don't know about me
But I work (work, work, work, work, work, work)

Now I got the
Bolo tie drippin'
Belt buckle sittin'
Holdin' up my Tru Religions
Lucchese booty fittin'
You laugh behind the scenes
But this look it ain't cheap
And when you see me in the streets
You'll wish you country like me

I'm a palomino
Pala me no therapy
Make me custom Prada
Custom Prada leather seats
In the F-150
Park it in the kitchen
Exterior Swarovski
Not a crystal missin'

Used to drive around with a busted tail light
Pickin' up pennies off the ground just to get by
Fixed enough fences, ripped enough shirts
You don't know about me
But I work (work, work, work, work, work, work)

Now I got the

Belt buckle sittin'
Holdin' up my Tru Religions
Lucchese booty fittin'
You laugh behind the scenes
But this look it ain't cheap
And when you see me in the streets

You'll wish you country like me

Buffalo sauce in the Birkin
Only Kentucky Fried Chicken
That's why I stay puttin' the work in
I'm orderin' all of the fixins
Buckle bunny on the scene
Break your neck lookin' at me
You thinkin' that I didn't see
But I know you wish you could be
