

## Better Weather

Tanner Usrey

Am I still the man you fell in love with?  
Have you spent too many nights here alone?  
Is there still a chance I could save this?  
Have I burned every bridge I've been across?  
You're the last one I thought that would be leaving  
You're the last one that I had  
And I can't say I blame you  
If you never do come back

'Cause I'm running out of time  
Pouring gasoline on fires  
No one makes it out alive  
And I'm good, but I've been better  
Praying for better weather  
Yeah, I'm praying for better weather

And I hope this finds you happy  
That you got that white picket fence  
Little house out in the country  
Wraparound porch with a couple of kids

'Cause I'm running out of time  
Pouring gasoline on fires  
No one makes it out alive  
And I'm good, but I've been better  
Praying for better weather  
Yeah, I'm praying for better weather

'Cause I'm running out of time  
Pouring gasoline on fires  
No one makes it out alive  
And I'm good, but I've been better  
Praying for better weather  
Yeah, I'm running out of time  
Pouring gasoline on fires  
No one makes it out alive  
And I'm good, but I've been better  
Praying for better weather  
Yeah, I'm praying for better weather  
Yeah, I'm praying for better weather  
Yeah, I'm praying for better
