

# Destiny

Tanner Usrey

Baby get ready, let's go downtown  
Where the boys in the corner keep on staring me down  
Because I got the prettiest girl in the room  
And ain't nothing make me feel the way that I feel with you

You're my destiny  
Oh my destiny

See you standing at the bar, quarter to two  
I got so many things I wanna, do to you  
Let me pick up your tab, hop in my car  
We can go all night but we ain't that far

From our destiny  
Oh my destiny

Long brown hair, you're the girl of my dreams  
You're my destiny

Well we met up with the boys in that old parking lot  
I was sippin' on some Jager and sparking em' up  
I was seein' stars, howlin' at the moon  
Laughin' at God and dancin' with you

So we, took the party to a cheap motel  
It's 5am and I got some secrets to tell  
And I'm just a boy looking for some tenderness  
A little bit of lovin' and a sweet, sweet kiss

From my destiny  
Oh my destiny

6ft tall and you got plenty to squeeze  
You're my destiny

I woke up, drunk and alone  
Was it a dream, lord I don't really know  
Picking up the pieces of that late last night  
Doing wrong with you never felt so right

With my destiny  
Oh my destiny

And I don't know what you're doing to me  
But you got me down here on my knees

With my destiny  
Oh my destiny  
Oh my destiny  
Oh my destiny

Yeah
