

Rich Man's Game

Tanner Usrey

Everybody got a dream to sell
Everybody got something to say
Everybody got the lies they tell
Everybody got those games they play

Oh is it a rich man's game
Oh is it a rich man's game

See there's sharks in these waters
Snakes in the grass
And every time you turn around
Another knife in the back
And there's a big man sitting
Up on some hill
Sign your name in blood boy
And maybe we can make a deal

'Cause we're all
Pawns in a rich man's game
Tryna win, we lose just the same
Another piece in the puzzle it seems
Hammer and a nail
'Cause we're all
Pawns in a rich man's game

Ooh rich man's game
Hmm yeah rich man's game
Hmm rich man's game

You know they want something they can't have
They'll take what they can, then give nothing back

'Cause we're all
Pawns in a rich man's game
Tryna win, we lose just the same
Another piece in the puzzle it seems
Hammer and a nail
'Cause we're all
Pawns in a rich man's game
Yeah rich man's game
Ooh rich man's game
