# Time Bomb

**Tanner Usrey**

Well I'm searching for forgiveness and time full of regret
Running on fumes 'cause I ain't got nothing left
And everything I've done I've done it wrong
'Cause I'm a goddamn ticking time bomb

And I wasn't meant to live too long
Just trading my time for the words to a song
So don't you cry for me when I'm gone
'Cause I'm a goddamn ticking time bomb

Where do we go when we're gone
I can't say 'cause I don't know
But I'll find out before too long
'Cause I'm a goddamn ticking time bomb
I said a goddamn ticking time bomb
Yeah a goddamn ticking time bomb
