

With You

Tanner Usrey

Honey lay down your arms
And lay here with me
Let me show you the kinda man
The man I wanna be
And tear down those walls
And I pull up my pride
I just wanna make up, make love
With you tonight

And what's the point in fighting what we're feelin' baby?
Why do we fight at all?
Leave your clothes and your worries at the door, honey
Take it all
Yeah I wanna love you all night long
And in the morning too
'Cause I don't wanna play this game
If I can't play it with you

And I know I've been gone a long time
And you think we're fallin' apart
Let me tell you that I love you more now
Than I did at the very start
So don't go worrying your pretty little mind
Don't go wasting precious time
Yeah I wanna show you that you're still
Mine

And what's the point in fighting what we're feelin' baby?
Why do we fight at all?
Leave your clothes and your worries at the door, honey
Take it all
Yeah I wanna love you all night long
And in the morning too
'Cause I don't wanna play this game
If I can't play it with you

And what's the point in fighting what we're doing baby?
Why do we fight at all?
Leave your clothes and your worries at the door, honey
Take it all
Yeah I wanna love you all night long
And in the morning too
'Cause I don't, I don't
I don't wanna play this game
If I can't win with you
Hey yeah
Come here mama yeah
Don't wanna play this game, no no mama
No I don't, no I don't, hmm
