Listen to the sound of who know the soul
And isn't it profound how the choices that we make up that come true

Well, I just see you coming, always needing something
Life won't change unless you're changing yourself

But I can't show you, got to do for yourself
I will only pull your weight here for so long
I can't show you, got to do for yourself
I will only pull your weight here for so long

Blessed with all the life
And everything and so we bring amongst ourselves

You know the things that we are running from
By welcoming by opening the door to someone else

Well, I just see you coming, always needing something
Life won't change unless you change yourself

But I can't show you, got to do for yourself
I will only pull your weight here for so long
I can't show you, got to do for yourself
I will only pull your weight here for so long
