

## Loss for Words

Tantric

Loss for words what can I say?  
I never thought I'd be done this way  
People grow and lives will change  
Blessings come, come in man ways

Instead it's been seven years but I'll never shed these tears for you  
You'll never understand what you put me through  
With their lives in your lies  
I saw my children's eyes  
You know I should be feeling like a fool  
God knows I should hate myself for loving you  
I love you, I hate you, I love you  
But fuck you...  
"Fuck you"

"Baby your just loss for words"  
Just loss for words

It was hard to read what was on your mind  
I was far away thinking it was fine  
The more I try now baby, the more I push you away  
God knows me and you could never communicate  
And the anger and lies got the best of us  
I was thinking in the bed we both shared  
Is where you made that distrust for real  
And there's nothing to take back there's nothing to retry  
It's been done, I'm the only one who's feeling something

Instead it's been seven years but I'll never shed these tears for you  
You'll never understand what you put me through  
With these lives in your lies  
I saw my children's eyes  
You know I should be feeling like a fool  
God knows I hate myself for loving you  
I love you, I hate you, I love you  
But fuck you

Don't you think that I deserve at least the chance to say  
What about the promises that you had given me  
Even if you though we'd both be better off  
You'll never know because you forgot

It's been seven years but I'll never shed these tears for you  
You'll never understand what you put me through  
With these lives in your lies  
I saw my children's eyes  
You know that I should be feeling like a fool  
God knows I hate myself for loving you  
I love you, I hate you, I love you  
And these seven years but I'll never shed these tears for you  
You'll never understand what you put me through  
With these lives in your lies  
I saw my little one's eyes  
I know that I should be feeling like a fool  
God knows I hate myself for loving you  
I love you, I hate you, I love you  
But fuck you

"But fuck you"
