

## Pushover

Tantric

Well, I'm not an evil man but I'll put you in your place  
Kick you down to the ground and kick mud in your face  
You know this Mr. Nice Guy but I put on weight  
And I'll put this finger right in your face, yeah

When you turn around, I won't follow  
Won't follow, won't follow you  
This time my pride you know I won't swallow  
This time I'll walk away  
Look for me but I won't follow  
Won't follow, won't follow you  
This time my pride you know I won't swallow  
Or make the same mistakes

Time and time again I let it happen again  
I gave trust to a friend and they fucked me again  
Dirt off my back gave to you what I had  
It seems the more I trust the more I'm kicked in the  
Ask me no more questions  
Will you tell me no more lies?  
Will you ask me no more questions?  
Well, I won't believe your lies  
Well, I won't believe your lies

When you turn around, I won't follow  
Won't follow, won't follow you  
This time my pride you know I won't swallow  
This time I'll walk away  
Look for me but I won't follow  
Won't follow, won't follow you  
This time my pride you know I won't swallow  
Or make the same mistakes  
Ohhh, mistakes

Well, I'm not the crazy one  
But sometimes I always feel  
Like I'm the crazy one  
But this life you cannot steal

When you turn around, I won't follow  
Won't follow, won't follow you  
This time my pride you know I won't swallow  
This time I'll walk away  
Look for me but I won't follow  
Won't follow, won't follow you  
This time my pride you know I won't swallow  
Or make the same mistakes  
Ohhh
